

When my husband and I decided to sell our home of 24 years to downsize to a townhouse, we began by visiting open houses. That gave us an opportunity to see what was on the market as well as to observe a number of realtors in action. We were dismayed to observe many realtors making a half-hearted attempt to sell while looking like they would rather be doing something else. One realtor stood out as a committed and energetic individual. That was Sheerlee Mischel.

Ultimately, we met with three realtors to decide with whom to list our home. All of them came up with similar comparables in our area and similar suggestions for a listing price. Only Sheerlee produced a well thought out and thorough presentation detailing her approach to getting our home sold, however. She made us feel confident that she would be there for us throughout the process and that she had the experience needed to get the job done.

Our house sold within a week with numerous bids over our asking price. Sheerlee created excitement about our home among realtors and through her on line and printed sales materials. Our open house was a huge success. Once bids came in, Sheerlee was on top of things and supported us throughout the process.

Selling our home was only one part of our experience with Sheerlee. We also needed to find somewhere to go, and we did not have a lot of time to figure it out. Sheerlee devoted an enormous amount of time to looking with us, truly making us feel that finding us a suitable place to live was her number one priority.

I can't say enough in praise of Sheerlee Mischel. She is completely professional, knowledgeable, and devoted to her clients. Further, she is a warm, lovely, and intelligent person who is a pleasure to deal with from beginning to end. I highly recommend her to anyone looking to buy or sell their home.
